

Permeable concrete for cost effective Water Management

- **Decorative** or **structural** achieved thanks to our **proprietary** admixtures.
- Designed and Controlled **Water Permeability**.
- LEED certified.
- **Applications:** Parking, Road, Pathway.

	Challenge	Key Benefits	Technical Advantage
	Low-volume, heavy load pavements	<ul style="list-style-type: none">• Easy placement• High Strength	Permeability High flexural strength More than 3.5 MPa
	Water management	<ul style="list-style-type: none">• Reduction of storm water• Reservoir effect	
	Green label	<ul style="list-style-type: none">• Fulfill 2 points of the LEED certification
